FROM THE PRINCIPAL

Dear Parents and Community Members,

Albany Options School is an alternative high school and GED preparation and testing site in GAPS. Students come to us by choice or through referral. AOS provides an opportunity for students to experience academic success in a non-threatening, non-traditional setting. Our staff attempts to engage students each day in meaningful learning that allows students to achieve growth, both academically and socially. We use a variety of instructional strategies and methodology focusing on the Rigor, Relevance and Relationships in the classroom.

We are committed to your students and have pledged to deliver the best possible education you expect from our high school. You can help by monitoring your student's daily homework, attending parent-teacher conferences, or volunteering at AOS. You can review your student's assignments and grades at any time by logging on to the Parent Portal available on our web page. We look forward to partnering with you over the coming year to make sure all of our students reach their potential.

Thank you,

Principal | Dan Knight

OVERALL STATE RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall state rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. High schools are also rated on the overall graduation rate for the school and the graduation rates of underserved subgroups. Please be aware that this rating is based mainly on high-stakes testing and accordingly, represents a limited view of student performance. Other aspects of this report card are designed to put this rating in the proper context.

Compared to all schools statewide in 2012-13, this school is rated as Level 2.

Level 1 = Falls into the bottom 5% of schools

Level 2 = Falls between 5% and 15% of schools

Level 3 = Falls between 15% and 44% of schools

Level 4 = Falls between 44% and 90% of schools

Level 5 = Falls into the top 10% of schools

Compared to high schools with similar student demographics in 2012-13, this school's rating is below average.

Below average = Falls into the bottom third of comparison schools **About average** = Falls into the middle third of comparison schools

About average = Falls into the middle third of comparison schools

Above average = Falls into the top third of comparison schools

FEDERAL TITLE I DESIGNATION					
➤ Priority Focus Model					
Priority Schools are high poverty schools that were ranked in the botto formula. These schools generally have overall very low achievement and make improvements are needed.					

Priority and Focus school designations were based on 2011-12 data. Model school designations were based on 2012-13 data.
