EMERGENCY PROCEDURES

Earthquake Procedures

If you are in the school building when an earthquake occurs, take the following precautions:

1. Protect yourself from falling objects by getting under a desk or table, preferably away from windows and bookshelves. If you are in the hallway, crouch down close to a wall and cover your head with your arms.
2. Once the shaking stops, evacuate the building using the same route as during a fire drill. Once outside, move well away from the building and stay with your class.

Fire Drills

Fire drills are an important part of our safety program. When the fire alarm sounds, everyone is to leave the building promptly and quietly in accordance with the directions posted in each room. Once outside, move well away from the building and stay with your class. Remain outside until you are given the “all clear” signal. Then return directly to your classroom.

Tampering with an alarm box or setting off a false alarm is a violation of Oregon law and school policy. The consequences of doing so are immediate suspension from school and referral to the Albany Fire Marshal.

Inclement Weather Procedures

School may be closed, released early, or delayed in opening because of inclement weather and highway conditions. **In the event of a delayed start the GED program will be cancelled.**

School delay/closure information for the District and the Willamette Valley is available from **FlashAlert** and from the following radio stations: (KGAL-1580 AM, KRKT-99.9 FM, KSND-95.1 FM-Spanish) and television stations (KATU Chan. 2, KGW Chan. 8, KOIN Chan. 6) usually by 7:00 a.m. The District web site at www.8j.net has the information posted under “Delays/Closures”.

How to subscribe to FlashAlert:

1. Go to FlashAlert at <http://www.flashalert.net/signup.html>
2. Enter your email address and create a password to create an account. *NOTE: you must have an e-mail address to sign up to receive FlashAlert content.*
3. Click the Login button. Once you’re logged in, you can change your emergency alert settings and/or add additional e-mail/text subscriptions.

Student Safety Responsibilities

Students are responsible for helping to maintain a safe school environment. **If you become aware of unsafe behavior or situations at school, it is your responsibility to tell a staff member.** We are aware that students often don’t want to “tell” on their friends. However, that idea does not apply when a serious safety situation exists. For example, if you have information about weapons at school, conflict among students, self-destructive talk or behavior, drug dealing or students whose judgment is impaired by drugs or alcohol, your responsibility is to tell a staff member. The information you give is confidential.

Standard Response Protocol

Student Safety

A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.

SRP

Our school is expanding the safety program to include the Standard Response Protocol (SRP). The SRP is based on these four actions: Lockout, Lockdown, Evacuate and Shelter. In the event of an emergency, the action and appropriate direction will be called on the PA.

Lockout - "Secure the Perimeter"

Lockdown - "Locks, Lights, Out of Sight"

Evacuate - "To the Announced Location"

Shelter - "Using Announced Type and Method"

Training

Please take a moment to review these actions. Students and staff will be trained and the school will drill these actions over the course of the school year.

More information can be found at <http://iloveguys.org>

BEHAVIOR

Attendance

Oregon State Law requires that parents/guardians are responsible for sending children between the ages of 7 and 18 years to school and maintain regular attendance during the entire school year. The primary responsibility for attendance lies with the student and the parents. Students are expected to attend school daily in accordance with the annual school calendar. They are expected to arrive at school on time.

Your child may be absent if he/she:

- 1) Is sick – but if the illness lasts more than two (2) days, you will be asked to obtain a medical excuse.
- 2) Is needed because of a family emergency. Call the school and let them know how long your child expects to be absent.

After a student accumulates two absences in any class during a six-week grading period, a letter is mailed by the school to the student's home to invite the parents/guardians to schedule a conference with the principal to discuss the problem. After three absences, we may consider a change in the student program or other consequences will be identified as potential administrative action. A mandatory meeting with parent, student and administrator will be held to determine the status of the student and an appropriate course of action. In addition to keep parents informed when a student drops below 70% attendance rate the attendance secretary at AOS will send a letter home notifying the parent.

Tardiness

Students are expected to be in class in their seat at the posted start time. If tardiness becomes chronic it will be treated as student defiance leading to suspension and referral to the Truant Officer or expulsion.

Closed Campus

All students shall remain in the building from the time they arrive at school until the time they are dismissed. Personal business must be taken care of before or after school. **The parking lot is off-limits to students during the day.** If you must get something from your car please ask a staff member for assistance.

Behavior Off-Campus or Outside-of-School-Time

Off-campus and outside-of-school-time conduct that violates the District's Student Code of Conduct may also be the basis for discipline if it has the potential to disrupt or impact the safe and efficient operation of the school or interfere with the rights of others.

Homework

Students are responsible for completing all work on time. When a student is absent, it is the student's responsibility to get the make-up work and turn it in by the specified due date. Parents may request homework whenever students are absent. Please call the office to make the request and allow 24 hours before picking up assignments. You may want to call to verify that there is homework ready before coming to AOS. Students will have the number of days missed plus one to complete make-up work.

Food and Drinks

- No outside drinks are allowed on the carpeted areas or in classrooms at any time. Before school, at breaks and at lunch time outside drinks may be consumed in the cafeteria or outside.
- On the carpeted areas all water bottles must contain water only, no exceptions.
- Food is not allowed in the classrooms or carpeted areas at any time unless part of classroom activity.
- Food deliveries for lunch are not allowed, unless arranged and approved by school staff.

Telephone Messages

Our clerical staff is instructed not to accept telephone messages for students from anyone other than their parents/guardians. We request that parents/guardians restrict their calls to unusual or unforeseen reasons to eliminate interruption of classes. Please plan ahead to eliminate these calls whenever possible. Please do not call or text students on their cell phones during school hours.

Telephone Calls by Students

If a student is ill or having some difficulty, we will call the parent or have the student call in our presence.

Cooperating With Law Enforcement Agencies

School officials cooperate and work in conjunction with the Albany Police, Linn/Benton County Sheriff, and Oregon State Police as the need arises. Occasionally police request to interview students at school. Generally this is discouraged, but when it is deemed necessary, it will be allowed. In every case not involving child abuse, an attempt will be made to contact parents and request permission for the interview to take place. If parents cannot be contacted, the interview will only take place if, in the judgment of the school administrator, the child may possess information concerning an immediate and impending danger to persons and/or property.

Secret Society/Gang Activity

The Greater Albany Public School District Board of Education believes that the presence of secret societies and/or gangs creates a threat of substantial disruption or material interference with school and school activities and is harmful to the educational process. Therefore, it is the policy of this school district that student membership in such secret societies and/or gangs in the school environment is prohibited.

For the purposes of this policy, a “gang” is defined as a group of people who interact among themselves to the exclusion of others, who have adopted symbols indicating membership, and who violate or promote the violation of law or initiate, or promote activities which threaten the safety or well being of person or property.

No student on or about school property or at any school activity shall be permitted to:

- 1) Wear, possess, use, distribute, display or sell any clothes, jewelry, emblem, badge, symbol, sign or other thing which is evidence of membership or affiliation in any gang.
- 2) Commit any act or use verbal or nonverbal speech, including gestures, handshakes, or other such signs, showing membership or affiliating in a gang.
- 3) Use any speech or commit any act to further the interests of any gang or gang activity, including, but not limited to:
 - a) Soliciting others for membership in a gang.
 - b) Requesting any person to pay protection or otherwise intimidating, threatening, or harassing any person.
 - c) Committing any illegal act or other violation of school rules or district policy.
 - d) Inciting other students to act with physical violence or other form of harassment against any other person.

Nothing contained in this policy is intended to discourage the formation of, or membership in, organizations and activities which are not related to gang activities.

Students who violate this policy will be subject to disciplinary action within the guidelines of district policy, including suspension and expulsion.

Sexual Harassment

It is a violation of district policy for any staff member or any student to harass other staff members or students through conduct or communication of a sexual nature. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal or physical conduct of a sexual nature that has the effect of creating an intimidating, hostile or offensive environment.

Harassment

Harassment is any unwanted physical, verbal, or sexual words, actions, or behaviors that has the purpose or effect of substantially interfering with a student's educational environment. Such conduct or communication is illegal and will result in appropriate corrective action.

Any student who believes he/she is a victim of harassment should contact an administrator as soon as possible after the incident. The incident shall be investigated in a timely manner by the administrator. The administrator will take corrective action when appropriate. This corrective action may include verbal or written warning, suspension or expulsion.

Cyber-bullying

The district prohibits any form of harassment, including harassment through electronic means, which is known as cyber-bullying. A student may be subject to discipline, up to and including expulsion, for a violation. A student may also be referred to law enforcement for a violation.

Discrimination

The district shall promote nondiscrimination and an environment free of harassment based on an individual's race, color, religion, sex, sexual orientation, national origin, disability, marital status or age or because of the race, color, religion, sex, national origin, disability, marital status or age of any other persons with whom the individual associates.

Drugs, Alcohol, Tobacco (JFCI-AR)

The possession, selling and/or use of illegal and harmful drugs, alcohol and tobacco is strictly prohibited. This includes drug possession, selling and/or use at school during the regular school day and/or at any district/school related activity, regardless of time or location and while being transported on district-provided transportation. Students in violation of the district's drug, alcohol and tobacco policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate.

For the purpose of this policy "tobacco" is defined to include any lighted or unlighted cigarette, cigar, pipe, clove cigarette and any other smoking product, spit tobacco, also known as smokeless, dip, chew, snuff, in any form, nicotine, or nicotine delivering devices, chemical or devices that produce the physical effect of nicotine substances or any other tobacco **substitute (e.g., e-cigarettes)**. This does not include FDA approved nicotine replacement therapy products used for the purpose of cessation.

Dangerous Weapons (JFCJ-BP)

No student shall carry, exhibit, display, or draw any firearm, dagger, sword, knife, or other cutting or stabbing instrument, or any other weapon capable of producing bodily harm in a manner and at a time and place that shows an intent to intimidate another, or that warrants alarm for the safety of person in the immediate vicinity. Dangerous weapons discovered at school will be confiscated and the student will be suspended pending an expulsion hearing. Proper law enforcement agencies may also be involved. Students who become aware of weapons at school have a responsibility to notify a staff member.

Electronic Surveillance

The district may use electronic devices in public areas of district property including school grounds and busses to ensure the health, welfare and safety of all staff, students and visitors to district property and to safeguard district facilities and equipment. Video cameras may be used in locations as deemed appropriate by the superintendent. This is official notification to students, parents, guardians, and staff that electronic surveillance may occur on school grounds and buses, and evidence of violation may be used in disciplinary proceedings.

Directory Information –

Directory information is information in a student record that is not generally considered harmful or an invasion of privacy if released. Directory information can be released to the public through appropriate procedures. The

following categories of information about students have been designated as directory information in this district: student's names, students photographs, age and grade level.

Directory information may be released without prior consent after the district gives annual notice to parents of students or students 18 years of age or older or emancipated student. Such information and the requirement that the district must, by law, release secondary student's names, addresses and telephone numbers to military recruiters and/or institutions of higher education, unless parents or eligible students request the district withhold this information. Such notice will be given prior to the release of directory information. Exclusions from any or all directory categories named as directory information or release of information to military recruiters and/or institutions of higher education must be submitted in writing to the principal by the parent, student over 18 or emancipated student within 15 days of annual public notice. See Board Policy BP5306.

Address / Phone Changes

The office must be notified of any change of address or phone number that occurs during the school year so that we can update records.

Electronic Devices/Cell Phones

The use of cell phones and other electronic devices are allowed to be used before school, at breakfast break, lunch and after school in the following areas: outside, cafeteria, lobby and in library. They are not to be heard, thus, if used to play music or other such things they must be accompanied by earphones. They are to be kept out of sight and turned off during class time, assemblies, meetings, etc. Students who disrupt the educational atmosphere with these devices are subject to disciplinary action and their devices will be confiscated. The principal will impose a restriction on the student being any electronic device to school. These confiscated items may be picked up from the school secretary or administrator.

Internet use is available to students who have proven that they can use it responsibly and have on file a district permission form for use of electronic communication (IIBGA-AR.) School computers are an educational tool and used to support the curriculum. School computers are not appropriate for the following:

- 1) Playing games or listening to music.
- 2) Downloading music, games, inappropriate materials, websites, etc.

Medication – Administration Regulations

The Greater Albany Public School District Administrative Regulation on administering non-injectable medicines to students – Code JHCD-AR(1) is summarized below;

Students may, subject to the provisions of this regulation have non-injectable prescription or non-prescription medication administered by designated, trained school staff. Self-medication by students may be permitted in accordance with established district regulations.

Appropriate documentation must be completed when prescription and non-prescription medications are brought to the school. Whenever possible, medications should be given at home in the a.m. and p.m. rather than during the school day. Only school staff should administer those medications necessary for the student to remain in school. Please check with the school office for detailed instructions on medication requirements.

DISCIPLINE

Albany Options' purpose in enforcing school rules is to create within the school an educational climate conducive to learning and to protect all members of the school community. In fulfilling this responsibility, the school must exercise direction and discipline of students. School rules are derived from the three following sources.

1. Responsibility, self-discipline, and self-respect: The democratic principles of self-respect for the person and property of others and for the welfare of the group.

UNDERSTANDING THE AOS PROGRAMS

Choices (Choices 1, Choices 2)

Choices is our in-house online learning program using OdysseyWare. The program allows students the opportunity to work at their own pace in a small class setting. Choice is geared towards students who work well independently and are motivated to complete their coursework. In addition to the online program (OdysseyWare) students may complete proficiency-based packets and work on essential skills and GED prep. Students are required to attend class daily. Choices is offered twice a day. Choices 1 runs from 11:30 am to 1:00 pm, and Choices 2 runs from 2:00 pm to 4:00 pm.

Innovative High School (IHS)

IHS offers students a more traditional school experience. We offer smaller classes where students obtain more individualized help from staff. The school day consists of seven class periods covering core subject areas and an assortment of elective courses. In addition, we offer courses focusing on state essential skills requirements. Students are required to attend class daily.

IHS and Choices Combination

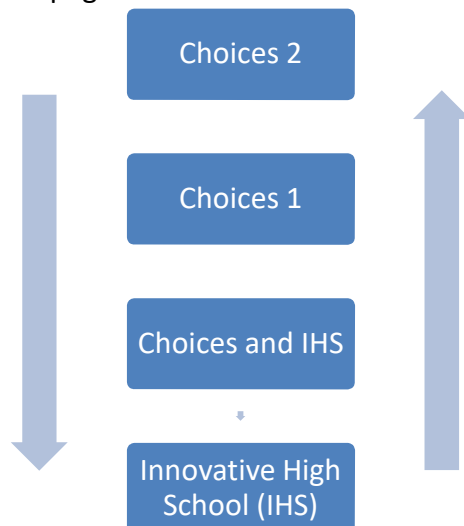

Some students have the option to participate in both the IHS and Choices program depending on their credit needs. Students are typically enrolled in a Choices program and take one or two classes in the IHS program during the day. This option is often utilized by students in the Choices program wanting to enter the IHS program.

GED Program

The GED program provides study and testing that lead to a GED high-school equivalency certificate. The GED consists of 5 subject areas: Language Arts, Math, Science, Social Studies. Students must pass all subject areas in order to complete the GED. Students are required to attend class daily until ALL tests have been passed.

Flow Chart of the High School Programs:

The rate at which a student moves through the programs is not uniform and is determined by a series of factors described on the next page.

Understanding Program Placement

- Placement in a program is determined at the time of enrollment primarily based on the student's credit needs. Other contributing factors including behavior, attendance, attitude and extenuating situations are taken into consideration as well.
- Placement in a program not permanent. Students can earn their way into preferred programs or be moved out of their current program if it is determined that it is not the best fit for the student.
- Movement between programs is determined by credit needs, behavior, attendance, grades, and attitude.
- The principal and counselor determine if a student should be moved between high school programs.

How do I earn my way into my preferred program?

Students can work their way into their desired program by having good attendance, earning credits and good grades, and not having major behavioral or attitude issues in school.

How do I get moved out of my program?

Students can be removed from their current program and placed in a different program if the student is struggling to earn the necessary credits for graduation, is not passing their credits, or if the student has significant behavior or attendance issues. A student may also meet with the counselor or principal to determine if another program may be a better fit for them and their graduation needs.

What if I want to get my GED?

If a student is considering getting their GED they should speak with the counselor. If the student is below the age of 18, their parent/guardian should be present for the meeting to discuss switching into the GED program from the high school programs. If a student chooses to leave the GED program to return to the high school program they should schedule a meeting with the counselor.

--

AGREEMENT:

I agree that my success and effort in my courses, attendance, attitude, and behavior will directly impact my placement in the programs at Albany Options School, and that my placement may change as a result at the discretion of the principal and counselor.
