Greetings, The AOS team of Ahzha McFadden and John Hunter stopped by for a Home Visit today_____. We have missed seeing your student on a regular basis at Albany Options School and wanted to see what we could do to help. **Who are we?** Well my title is "Attendance Coordinator & Family Attendance Liaison" and Mrs. McFadden's title is "Dean of Students". We are here to work with students and families to break down barriers that create roadblocks for students to regularly and successfully attend school on a daily basis. **WE ARE NOT** truant officers! We are here to help in a positive manner. We know that life can be hard and unfair often and this makes coming to school more challenging. But, together, we can work one school day at a time to improve your students' school attendance. We are so thankful for this opportunity and please contact any of us by email or phone.
